**Where can I post my utter shame and disappointment about the drive-thru. I think that the road assessments should go up a couple hundred dollars a year per property owner to get the job done as quickly as possible and shame on the people who can't afford it that voted against the drive-thru or did not vote at all. My disappointment was when I walked into Farmers Market on 11-14-2009 and saw a wine rack that was stocked with bloody marry and sweet and sour mix. After all the lobbying Farmers Market did to help defeat our drive-thru by making outrageous claims on the harm alcohol sales would cause our community. What a farce all of that was. Bottom line if you did not vote or voted against the drive-thru don't ever complain when our road assessments go up, the reality is they must. I propose the board raise the road assessments by two hundred dollars per property owner per year so my home will not suffer the negative impact of some of the current goat paths that we currently call roads.**
